Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 01 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Another sunny and dry day. Feeling warmer than Monday.

Today:
Any early low cloud and fog in the east will soon clear through the morning, leaving another fine and dry day with plenty of sunshine. Some fair-weather cloud will form into the afternoon. Feeling even warmer than Monday. Maximum temperature 26 deg C (79 deg F).

Tonight:
Staying dry through the evening and overnight, with most seeing long clear spells throughout. Less low cloud and fog in the east than recently. Minimum temperature 10 deg C (50 deg F).

Wednesday:
Another fine and dry day with plenty of sunshine. Becoming breezy through the day however, with showers, heavy and possibly thundery, arriving across the south into the evening. Feeling warm. Maximum temperature 25 deg C (77 deg F).

Outlook for Thursday to Saturday:
Lingering heavy, possibly thundery showers early Thursday. Feeling briefly cooler following this into Friday and Saturday, and cloudier with the odd spell of light rain or showers. Breezy along coasts.
